Art Unit: 1714

The response received 4/11/06 has been made of record. Claims 44-63 are pending.

The objection to claims 45, 47, 49 and 51 and the rejection under 35 USC 102 contained in the previous office action are withdrawn in view of applicants' arguments.

Claims 44-63 are rejected on the ground of nonstatutory obviousness-type double patenting as being unpatentable over claims 1-24 of U.S. Patent No. 6,759,471. Although the conflicting claims are not identical, they are not patentably distinct from each other because of reasons of record.

Applicants' arguments are not persuasive. This is an obviousness double patenting rejection and therefore does not require the claims to be identical.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
